Open Enrollment is the time when you can apply for new coverage for the coming year or renew your coverage or shop for a new plan.

- The Health Connector’s Open Enrollment is usually from **November 1** through **January 23**
  - If you need coverage sooner, apply right away to find out if you have a qualifying event that lets you enroll sooner with a special enrollment period
  - During Open Enrollment, you can review the available health plan choices for coverage to start as early as **January 1**
- This year Open Enrollment has been extended
- For all Health Connector plans, your health or dental coverage can start as early as the first day of the month after you enroll
Special enrollment period and qualifying events

A special enrollment period is a time outside of the open enrollment period when you may qualify to enroll in health coverage through the Health Connector.

- A special enrollment period lasts for 60 days after certain qualifying events such as:
  - Getting married
  - Changes in household size, such as having or adopting a child
  - Newly qualifying for ConnectorCare
  - Loss of other health coverage such as loss of job-based insurance, COBRA coverage ending, or loss of MassHealth coverage

Here’s what to know:

- There are 3 ways to apply:
  1. Online at MAhealthconnector.org (Spanish: mahealthconnector.org/es/)
  2. By phone
  3. With the help of a partner community organization or health center

- There is **one** application to find out if you qualify for coverage through Health Connector, including help paying for coverage or for coverage through MassHealth (Medicaid)

- You will get letters from Health Connector and MassHealth that tell you your next steps
What do you need to apply?

One application for the Health Connector, help paying, and MassHealth
How do you enter income if you’re unemployed?

When you complete an application, you’ll be asked about your current income and your estimated income for the year.

- Enter your current income as it is right now, including unemployment income.
- Then enter your expected yearly income based on what you think you’ll make over the course of the year.
- When entering your yearly income:
  - Consider how much you earned so far this year.
  - Add any unemployment, including the extra $300 per week you may be receiving.
  - If you think you will be returning to work later this year, include what might be earned.
- If your income changes later, update your income information so it is as correct as possible.
Keep your income and application up to date

- Remember to update your income if your employment situation changes. Keeping your income information as accurate as possible helps make sure you:
  - Get the right amount of help paying for health and dental insurance
  - Have a lower risk of owing money to the IRS when you file taxes next year

- If you get Advance Premium Tax Credit (APTC), you can always adjust the amount you take by clicking on the Change Tax Credit link from the Find a Health Plan page of your application
  - If you adjust the slider tool to take less APTC, your monthly premium would be higher, but you might owe less to the IRS when you file your taxes
Sample: Find a Health Plan page

From the “Find a Health Plan” page, click “Change Tax Credit.”
Sample: Change Tax Credit tool

Move the slider to the left to take **less** APTC. When the slider is all the way to the right, you are taking the full amount of APTC available to you.
Getting coverage through the Health Connector
There are two kinds of help paying you can get through the Health Connector

Advance Premium Tax Credits (APTC)
- Lowers the premium amount you pay each month
- The IRS sends your tax credit directly to your insurance company, so you’ll pay less each month
- You can apply some or all your tax credit to your monthly premium payment

ConnectorCare Program
- Uses federal Advance Premium Tax Credits (APTC) + MA state funds that help reduce the premium amount you pay each month
- Has low monthly premiums, low out-of-pockets costs, and no deductibles
- Depending on the plan type you qualify for, you could choose a plan for as low as $0 up to $130 per month (see slides at end of presentation)
Who qualifies for help paying for health insurance?

You may qualify for help paying if you:
- Shop through the Massachusetts Health Connector
- Have income that is **400%** of the Federal Poverty Level (FPL) or lower
- Live in Massachusetts
- Are a U.S. citizen, U.S. national, or are otherwise lawfully present in the U.S.

You won’t qualify for help paying if you:
- Get coverage through Medicare, MassHealth (Medicaid), or other public health insurance programs
- Are offered affordable, comprehensive health insurance from an employer
- Are in jail
What are the income guidelines to get help paying from the Health Connector?

Current Federal Poverty Level (FPL) guidelines are used to decide what type of help is available.

- Income guidelines for ConnectorCare and APTC are different

Choosing a plan and enrolling
How do you choose the right plan?

Once you know what you qualify for, your next step is to shop for a plan.

- The Health Connector has tools where you can enter your provider and medication preferences to find plans and pricing.
- Before applying you can:
  - Compare plans based on provider and medication preferences using the Plan Comparison Tool.
  - Find pricing from leading Massachusetts insurance companies with the “Preview Plans” button on the application home page.
- Those who qualify for ConnectorCare won’t see cost savings displayed from this tool.
From your online application, enter “Your Preferred Providers and Facilities” and “Your Prescription Drugs” to compare your plan choices.
Your preferences are included as part of your search results on the “Find a Health Plan” page. You can also filter and sort your results further.
If you are required to make a payment, it must be received by the 23rd of the month, before enrollment is considered complete. Submit your online payment by clicking **Make a Payment** on the “My Enrollments” page.
