When can you enroll?
Open Enrollment

Open Enrollment is the time when you can apply for new coverage for the coming year or renew your coverage or shop for a new plan.

- The Health Connector’s 2020 Open Enrollment is **November 1 to January 23**
- During Open Enrollment, you can review the available health plan choices for coverage to begin on **January 1 of 2021**
  - If you need coverage sooner, apply right away to find out if you have a qualifying event that lets you enroll sooner with a special enrollment period
- For all Health Connector plans, your health or dental coverage can start as early as the first day of the month after you enroll
Special enrollment period and qualifying events

A special enrollment period is a time outside of the open enrollment period when you may qualify to enroll in health coverage through the Health Connector.

- A special enrollment period lasts for 60 days after certain qualifying events such as:
  - Getting married
  - Changes in household size, such as having or adopting a child
  - Newly qualifying for ConnectorCare
  - Loss of other health coverage such as loss of job-based insurance, COBRA coverage ending, or loss of MassHealth coverage
  - Moving to Massachusetts
  - Moving within Massachusetts to an area with other plan choices

- Learn more about qualifying events
Health Connector instead of COBRA?

If you leave a job and are offered COBRA to continue health and dental coverage, review your choices through the Health Connector before you decide!

- With COBRA, you pay the full price of health and dental insurance you had with your employer
- The Health Connector may have more affordable health and dental insurance choices

When to apply through the Health Connector

- Apply and enroll within 60 days of losing your employer coverage
- Losing your employer coverage is a qualifying event that gives you a 60-day special enrollment period for enrolling through the Health Connector
- When you apply, tell us the date your employer will no longer pay for health insurance benefits

Applying for coverage
What should you know about applying?

Here’s what to know:

▪ There are 3 ways to apply:
  1. Online at MAhealthconnector.org (mahealthconnector.org/es/)
  2. By phone
  3. With the help of a partner community organization or health center

▪ There is one application to find out if you qualify for coverage through Health Connector, including help paying for coverage or for coverage through MassHealth (Medicaid)

▪ You will get letters from Health Connector and MassHealth that tell you your next steps
What do you need to apply?

You will need:

- Social Security numbers for everyone applying, if they have one
- Immigration documents for all non-U.S. citizens who are applying, if they have one.
  Learn more about immigration documents
- Recent pay information, if you have it, such as:
  - Copies of your last two pay stubs
  - Your unemployment amount (monetary determination) if you are collecting unemployment
  - Information about your current income if you didn’t file taxes last year or your income has changed since last year
- If you don’t have all the information above give us what you have, and we’ll send you a letter asking for more information if we need it

How do you enter income if you’re unemployed?

When you complete an application, you’ll be asked about your current income and your estimated income for the year.

- Enter your current income as it is right now, including unemployment income
- Then enter your expected yearly income based on what you think you’ll make over the course of the year
- When entering your yearly income:
  - Consider how much you earned so far this year
  - Add any unemployment, include the extra $600 per week you may have received
  - If you think you will be returning to work later this year, include what might be earned
- If your income changes later, update your income information so it is as correct as possible
Keep your income and application up to date

- Remember to update your income if your employment situation changes. Keeping your income information as accurate as possible helps make sure you:
  - Get the right amount of help paying for health and dental insurance
  - Have a lower risk of owing money to the IRS when you file taxes next year
- If you get Advance Premium Tax Credit (APTC), you can always adjust the amount you take by clicking on the Change Tax Credit link from the Find a Health Plan page of your application
  - If you adjust the slider tool to take less APTC, your monthly premium would be higher, but you might owe less to the IRS when you file your taxes
Sample: Find a Health Plan page
Sample: Change Tax Credit tool

Change Tax Credit

You qualify for an Advance Premium Tax Credit of up to $117.00 per month to help lower your premium. You can choose to use all of this tax credit for lowering your monthly premiums, or take less than the full amount. If you take less than the full amount of tax credit, your monthly premium will be higher. Use the slider bar below to choose the amount of your tax credit you would like to apply to your monthly premium.

An Advance Premium Tax Credit applied for the selected $117.00 Depending on the plan you select, some or all of this may be paid directly to your selected carrier to reduce your monthly insurance costs.

If you have a Health Reimbursement Account (HRA) through your employer, you may want to adjust the amount of Advance Premium Tax Credit that is applied to your premium. Learn more.

Getting help paying
There are two kinds of help paying you can get through the Health Connector

Advance Premium Tax Credits (APTC)
- Lowers the premium amount you pay each month
- The IRS sends your tax credit directly to your insurance company, so you’ll pay less each month
- You can apply some or all your tax credit to your monthly premium payment

ConnectorCare Program
- Uses federal Advance Premium Tax Credits (APTC) + MA state funds that help reduce the premium amount you pay each month
- Has low monthly premiums, low out-of-pocket costs, and no deductibles
- Depending on the plan type you qualify for, you could choose a plan for as low as $0 up to $130 per month (see slides at end of presentation)
Who qualifies for help paying for health insurance?

You may qualify for help paying if you:

- Shop through the Massachusetts Health Connector
- Live in Massachusetts
- Are a U.S. citizen, U.S. national, or are otherwise lawfully present in the U.S.
- Have income that is 400% of the Federal Poverty Level (FPL) or lower

You won’t qualify for help paying if you:

- Get coverage through Medicare, MassHealth (Medicaid), or other public health insurance programs
- Are in jail at this time
- Are offered affordable, comprehensive health insurance from an employer
What are the income guidelines to get help paying from the Health Connector?

Current Federal Poverty Level (FPL) guidelines are used to decide what type of help is available.

- Income guidelines for ConnectorCare and APTC are different
