## Total Non-Group Medical Enrollment: Current Rolling Quarter\*\*,\*\*

- "Active" is defined as the number of effectuated members based on when their coverage starts (coverage effective date), including those who have been retro- or are prospectively-enrolled. For example, a member who enrolls in March for a policy starting April 1 will appear in the April active count.
- "Termed" is defined as the number of members who have left coverage based on when their coverage started (coverage effective date), including those who have been retro- or prospectively-termed. For example, a member enrolled in a policy with a March 1 coverage effective date who then terminates coverage in July will appear in the March termed count.
- The enrollment line shows the cumulative number of effectuated members, as of the date of this report.
