Repeal of Regulations Governing the Commonwealth Care Program (VOTE)

ED DEANGELO
General Counsel

MERRITT DATTEL MCGOWAN
Assistant General Counsel

Board of Directors Meeting, April 9, 2015
Background and Agenda

- Health Connector staff recommends the draft repeal of regulations governing the now-closed Commonwealth Care program at 956 CMR 2.00 (Medicaid Managed Care Organization (MMCO) Participation in the Commonwealth Care Health Insurance Program) and 956 CMR 3.00 (Eligibility and Hearing Process for Commonwealth Care).

- The Massachusetts General Court repealed the enabling statute for the Commonwealth Care program and accompanying cross-references in light of federal reforms enacted pursuant to the Affordable Care Act (ACA).

- As such, repeal of the regulations is an act of technical “clean-up” to align with statutory changes made by the Massachusetts General Court in 2013.
Background on Commonwealth Care Program

- Massachusetts statutory authority required the Health Connector to provide subsidies to individuals with incomes less than 300 percent of the Federal Poverty Level (FPL) who did not have access to insurance from another source.

- With implementation of the Affordable Care Act, Commonwealth Care has since been replaced with a new ACA-compliant program called “ConnectorCare” modeled after the Commonwealth Care program from a consumer-facing perspective.
  - The Massachusetts Legislature authorized the Health Connector to establish the ConnectorCare program and repealed the Commonwealth Care statute in 2013.
  - Regulations enacted by this Board in October 2013 were modeled after the regulations that Health Connector staff are proposing to repeal, modified predominately to align with ACA policies.

- The Commonwealth Care program closed to new members on December 31, 2013 and officially closed to all enrollment on January 31, 2015 once those individuals could transition into ACA-compliant coverage.
